

# Scholarship Application Priority Deadline: December 1

---

LSU Alexandria offers academic scholarships to those students with high academic credentials. Standardized test scores and grade point average are the primary basis upon which academic scholarships are awarded. **Students wanting only to be considered for Academic Based Scholarships do not need to submit a Scholarship Application.** We will use information included with your Admission Application academic transcripts, and official test scores.

Extra curricular activities, leadership activities, community involvement, and financial need (as determined by the FAFSA) are also factors that may be used in the determining recipients of any Leadership, Involvement, and/or Need Based scholarships.

**To be considered for all LSU Alexandria Scholarships:**

- Submit a complete Application for Admission if you are not a current LSU Alexandria student.
  
- Submit a completed Scholarship Application
